

**DETERMINATION AND FINDINGS
FOR
SOLE SOURCE CONTRACT EXTENSION**

Program Agency: Department Of Corrections
Contract No: DCFL-2006-D-0011
Caption: Food Services
Proposed Contractor: ARAMARK Correctional Services, LLC

FINDINGS

1. AUTHORIZATION:

D.C. Official Code §2-354.04, 27 DCMR 1304 and 1702

2. MINIMUM NEED:

The Government of the District of Columbia, Department of Corrections (DOC) has an immediate need to extend the period of performance for the current food service contract DCFL-2006-D-0011. DOC needs the current contractor to provide daily well-balanced nutritious meals to an average population of 3,100 inmates (ranging from 2,800 to 3,300) housed at the Central Detention Facility (CDF) and the Correctional Treatment Facility (CFT).

The inmate food service will be required for six (6) months beyond the current expiration date of the current contract, January 1, 2012 through June 30, 2012, or until a new contract can be competitively awarded.

3. ESTIMATED REASONABLE PRICE:

The estimated reasonable cost is \$3,848,944.59.

4. FACTS WHICH JUSTIFY SOLE SOURCE PROCUREMENT:

A. The current contract expired on December 31, 2011.

B. On October 28, 2011, the contract extension letter was sent to the Contractor for one month of continued service under the current contract rates listed in Section B.4 Price Schedule, contract terms and conditions. The contractor concurred to the extension letter on November 28, 2011. Modification 10 was issued to extend the services from January 1, 2012 to February 28, 2012.

- C. On January 12, 2012, another contract extension letter was sent to contractor for continuation of services through June 30, 2012. The contractor agreed to provide the same services at a proposed price indicated in the price proposal submitted on January 20, 2012.
- D. DOC is has a need for continuing services without interruption with current contractor until a new contract is awarded. The District is in the acquisition planning stage of consolidating requirements to develop a new solicitation for a multi-year correctional food services contract. Aramark offered to provide the same services at the proposed negotiated meal price of \$1.357. The new meal price becomes in effect on February 29, 2012.
- E. Aramark has been providing the service since 2007. The extension of this food service contract is the only sure way to ensure that the continuity of operations is provided without interruption. The District requires continuity of operations in order to ensure that DOC continues to manage and operate the inmate food service program at CDF and CTF.
- F. DOC officials are satisfied with the services rendered by the current contractor. This contractor has satisfactorily provided these services to the District since 2007.
- G. Public Notice of OCP's intent to award a sole source contract was posted to our website for 10 calendar days pursuant to the requirements of OCP Policy 3000. The first public notice was posted to OCP's website on December 9, 2011. The new posting was submitted to OCP's website on February 10, 2012.
